

Pupil Remote Learning and Remote Education Policy

Revised: April 2024

To be reviewed: April 2027

Statement of intent

At The Pioneer Academy, we understand the need to continually deliver high quality education, including during periods of remote working – whether for an individual pupil or many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed and develop as avid, life-long learners.

Through the implementation of this policy, we aim to address the key concerns associated with remote learning and remote education, such as online safety, access to educational resources, data protection, and safeguarding.

Definitions

Remote Learning – resources and links to online materials and appropriate websites are provided by the school to enable parents to support their child's learning

Remote Education – resources and links to online materials and appropriate websites are organised into a scheduled framework by the school which includes live and/or pre-recorded lessons which children access and then complete prescribed tasks. Their teachers review the children's learning outcomes.

This policy aims to:

- Minimise the disruption to pupils' education and the delivery of the curriculum
- Ensure provision is in place so that all pupils have access to high quality learning resources.
- Protect pupils from the risks associated with using devices connected to the internet.
- Ensure staff, parent, and pupil data remains secure and is not lost or misused.
- Ensure robust safeguarding measures continue to be in effect during the period of remote education.
- Provide teachers with a tried and tested option for promoting effective online learning so that:
 - Home learning and home education are accessible to all pupils,
 - Blended learning resources are available to all pupils,
 - Flipped classroom approaches are enabled, giving pupils easy access to a range of online learning resources
